

SELF ADHESIVE ANTI-SLIP TAPES

Our self adhesive tapes are tough & durable and provide an excellent slip resistance indoors or outside

Adhesive backed plastic tape coated with diamond hard aluminium oxide granules and protected by a removable liner.

SURFACE PREPARATION: Apply tape only to a clean, dry, grease & dust free surface. Press firmly into position to obtain maximum benefit from the pressure sensitive adhesive

TECHNICAL DATA :	MINERAL PARTICLES	-	Aluminium Oxide
	GRADE	-	Course grit 24 & 36
			Medium 60
	HOLDING MEDIUM	-	Solvent acrylic adhesive
	APPLICATION TEMP	-	5 up to 50C
	ADHESION	-	600gm/cm
	THICKNESS	-	0.8 MM +/-0.2mm
	TENSILE STRENGTH	-	7 KgF/25mm
	ELONGATION AT BREAK-	-	80%
	RESISTANCE TO WEAR	-	12 months
	RESISTANCE TO GREASE	-	8 months
	STAINING OF ADHESIVE	-	No evidence of migration
